The Moisturizing
Solution

For Improving Hand Hygiene Compliance

3M™ Avagard™ D Instant Hand Antiseptic with Moisturizers

(61% w/w ethyl alcohol)

- Avagard D Instant Hand Antiseptic provides fast, effective bacterial and viral kill without being hard on skin ^{1,2}
- The patented crystalline technology has been shown in clinical studies to moisturize the skin, counteracting the drying effects of alcohol ³
- Results in better skin condition versus the use of a traditional antiseptic hand wash as assessed by an expert grader in hospital study ⁴
- Contains a high quantity of quality emollients (moisturizers) that are in a patented formulation specifically designed to be mild on skin ³
- Paraben, fragrance, dye, and latex free ⁵
- Compatible with latex and non-latex gloves ⁶
- Greater than 99% kill in MRSA and VRE in 15 second (*in vitro*) ¹
- Provides a 99.8% reduction of bacteria on contaminated hands in a single application (healthcare personnel hand wash study) (*in vitro*) ⁷
- CHG Compliant
- Effective against eight viruses associated with common cold and flu (*in vitro*) ²
 - Hepatitis A
 - Adenovirus
 - Rhinovirus Type 37
 - Avian Influenza type A
 - Human Coronavirus (HCV)
 - Rotavirus
 - Respiratory Syncytial Virus (RSV)
 - Feline Calicivirus (a surrogate virus for Norovirus)

¹ LIMS 8153; ² Modified standard test methods, ASTM E 1052. Data on file.; ³ LIMS 7771, 77800; ⁴ LIMS 7953; ⁵ History on file; ⁶ LIMS 8413 (Gloves tested Tri-flex, PVC, Elastylon); ⁷ LIMS 8136
